Basic Rules for the Online Test
(Estate System Proficiency Test)

1. It is recommended that you do the online drill exercise (Estate System-Review Questions) before attempting the test.

2. You may take the test as many times as you want.

3. You receive full credit for the test if you get a score of at least 90% (45 questions correct).

4. Once you get at least 45 questions correct, submit your score to me following instructions that will appear after you hit "finish" and then press one of the "Submit" buttons at the end of the test.

5. Be sure to make and keep (using cut and paste) the "Submitted Data Page" or "Manual Submission Page" that the test provides you online, just in case your submission gets lost in email land. The passcode for submission is 78 (just the number, like a 2-digit pin)

6. Only results submitted digitally in accordance with the instructions in the test can be counted. *Printouts of results will not be counted.*

7. All students who successfully complete the online test will be **exempt** from the portion of the final examination that covers Readings 10-14 (approximately 30 true-false questions).
